SPARK

Hidden in the Baltic Forest

Nicholas senses he is not alone. Can you find all 10 hidden elves?

When Nicholas was just a baby, a strange visitor brought him a gift. The visitor told Nicholas's mother that her son would be tested and that he carried something the old man called the "Spark." He didn't explain any more, other than to say that the gift was for when Nicholas was "ready."

The visitor left as mysteriously as he had arrived.
